SoyHenry
04/2022 - 11/2022, Argentina

PROFILE

Enthusiastic and dedicated **Full-stack Developer** eager to embark on a dynamic career in the tech industry. Armed with a passion for creating seamless user experiences, I bring a fresh perspective and a commitment to excellence.

I am now seeking an opportunity to apply my skills and continue learning in a professional setting. Excited about the prospect of contributing to innovative projects, I am ready to bring my creativity and dedication to a dynamic **Front-end Developer** or Full-stack Developer role.

WORK EXPERIENCE

- **Full-stack Developer**
05/2023 - Present
Holocruxe - Córdoba (remote)

I contributed to the project by generating, optimizing, and maintaining code across various project areas.

Work methodology

SCRUM

Technologies applied in the Back-end

NodeJs | MongoDB | Mongoose | NestJs | TypeScript

Technologies applied in the Front-end

NextJs | Redux Toolkit | TypeScript | MUI
